

ONLINE BANKING MADE EASIER!

Want to access all your separate accounts after logging into **It's Me 247** just once?
Need to grant another member access to your account information?
Now you can with the new See and Jump features!

SEE information in another account.

JUMP to another account to conduct transactions.

Just follow these steps to grant another member access to your accounts in online banking!

Call us and give us the account number for which you're requesting See and/or Jump authority. (Note: Member for whom you're requesting authority must be either the primary or joint owner on your share-000 account).

Choose how your account can be accessed by the other member. For the most flexible access, request See and Jump authority. To maintain sole authority over your account transactions, but still allow the other member to view your account information, request See authority only. To learn about other options, contact us today!

Tell the other member that they can start using these features by logging into their account in online banking, clicking My Accounts on the top menu bar, and then clicking My Other Accounts on the left menu bar. They'll then be able to See and/or Jump to your account, depending on which feature you requested for them (See on or both See and Jump).

For more information about *See* and *Jump* or to request these features in online banking, call us at:

310-374-3436

"I gave my daughter *See* and *Jump* access on all my accounts so that she can help me manage my expenses."

"I wanted my mom to be able to *See* my checking account information so she can help me with my budget."

"I'm so glad my wife has *See* and *Jump* authority on our checking account because now when I'm away on business, she can handle the finances."
